Professional Experience

Endava   07/2022 – 08/2022
Internship   Belgrade, Serbia
- One month internship where we designed and developed a full-stack web application for managing clients and appointments using React.

Propeler Centar   10/2024 – 12/2025
Internship - Junior Front-end Developer
- Collaborated closely with a team of developers and designers to deliver web applications and websites.
- Took part in building projects from scratch as well as enhancing existing ones by implementing new features and resolving bugs.
- While most of the work was done in a team setting, I also independently led several projects to meet specific client requirements and ensure successful delivery.

Profile

I am an ambitious student with a strong passion for web development and a strong commitment to continuous learning. I enjoy working on challenging projects, bringing creative designs to life, catching bugs for optimal user experience and optimizing applications to deliver the best possible performance. I adapt quickly to new situations and collaborate effectively within a team environment and am always eager to learn new technologies and improve my skill set.

Education

ICT   2023 – present
IT Major   Belgrade, Serbia

EGŠ Nikola Tesla
Multimedia electrician
